Unveiling the Enhanced Mira Football Pitch

Get ready to score big because the Mira Football Pitch just got a major upgrade! We're excited to announce the addition of fences, two gates, and four mini goals, transforming our standard-sized playground into two mini football play-yards.

Whether you're a seasoned striker or just looking for some friendly competition, the enhanced Mira Football Pitch is the place to be. Lace up your boots and join us as we kick off this exciting new chapter in style!

Prior booking required via the Emaar ONE app.

Rule Refresher

Noise Management at Home: Tips for a Peaceful Living Space
Creating a tranquil home environment is essential for well-being and community peace. Here are some practical tips to manage household noise.

Noise Etiquette

Maintain noise etiquette by keeping conversations and media at moderate volumes, especially during late hours, to avoid disturbing neighbours.

Door Slamming

Prevent door slamming by installing soft-close mechanisms or encouraging gentle door handling to reduce noise and maintain calm.

Conflicts / Fights

Manage conflicts quietly by adopting calm communication strategies to minimise loud outbursts.

Loud Appliance / Furniture Operation

Choose quieter appliances and maintain them regularly. Use felt pads under furniture to prevent loud scraping and operate noisy devices during less disruptive times.

Nighttime Serenity

Ensure a peaceful nighttime environment by ceasing loud activities at a set time, using white noise machines, and insulating windows and doors to block external noise.

Controlled Music Level

Play music at a reasonable volume or use headphones. Set specific times for louder activities to ensure quiet periods for rest and concentration.

Implementing these noise management strategies can create a peaceful and serene home, improving overall quality of life.

Pre-Travel Tips For Summer

Here are some valuable tips to help you enjoy a worry-free vacation while keeping your villa or apartment safe and secure.

Secure Your Property

Make sure all windows and doors are securely locked. Invest in sturdy locks or security systems for added protection. Also, inform a neighbour or friend of your travel plans so they can watch your property.

Arrange for Maintenance

Schedule any necessary maintenance or repairs before you leave. This includes tasks such as checking for leaks, servicing HVAC systems, and inspecting electrical wiring.

Secure Valuables

Before leaving, store valuable items such as jewellery, electronics, and important documents in a secure location, such as a safe or locker.

Unplug Appliances

To avoid potential fire hazards and save energy, unplug non-essential appliances such as TVs, computers, and kitchen gadgets before you leave.

Check Insurance Coverage

Review your insurance policy to ensure that your property is adequately covered while you're away. Some policies may have specific requirements or limitations for vacant homes.

Got Junk? It's time to Declutter

Emaar Community Management has partnered with key junk collection agencies in the region to help you get rid of your unwanted household items, free of cost.

Book your collection slot with any of the below companies for free collection of your household junk.

TAKE MY JUNK	800 5865 050 179 4045 / 050 395 5865	info@takemyjunkuae.com
REMOVE MY JUNK	055 549 1122	removemyjunkuae1122@gmail.com

What Can You Junk For Free?

Old couches, clothes, office/home/garden furniture, children's toys, kitchenware, exercise equipment, linen, toiletries, electronics, mobile phones, home appliances, books, bicycles and faded carpets.

Junk That Is Chargeable:

Green waste, construction waste, broken wood/glass and sun-damaged items.

Note: General household waste will not be collected.

Pet Protocols for a 'Purrfect' Community

While our community embraces pet-friendly living, it's crucial to adhere to the following guidelines to ensure a harmonious environment for all residents:

- Please clean up after your pets. Dog waste bins and waste bag dispensers are conveniently located throughout the community.
- Keep dogs on a leash in common areas and consider using a short leash during walks.
- Ensure pets are registered with Dubai Municipality and vaccinated according to local regulations.
- All pet owners must register their pets with community security. This includes providing the number of pets per household, vaccination records, and a pet passport. Prompt registration is essential. ([Click here to register](#))

For a detailed overview of community rules, please refer to the community website. Non-compliance may result in a Notice of Violation and a penalty of AED 500 per instance.

Home Maintenance Checklist

Within this guide, we share a checklist aimed at preserving homes in impeccable condition, thereby guaranteeing both longevity & aesthetic appeal.

Regularly Clean Drainage and Gutter

Remove any debris such as leaves, twigs, or dirt that may accumulate and cause blockages.

Examine Ceilings and Windows

Promptly repair any damaged or deteriorating windows, roofs, or ceilings. Seal any gaps or cracks around your windows and ceilings.

Seek Professional Assistance

If you notice significant damage or are unsure on how to properly maintain your windows and ceilings, seek assistance from qualified professionals.

Ensure Proper Ventilation

Use exhaust fans in bathrooms and kitchens, and open windows when weather permits.

Assess Water Heaters

Regularly assess water heaters for leaks, corrosion, and sediment buildup.

Trim Vegetation

Overhanging branches can also block drainage systems, leading to water accumulation on roofs and ceilings.

Mindful Landscaping

Avoid planting trees or shrubs with invasive root systems near drainage pipes, as these roots can penetrate and damage the pipes over time.

Schedule Pest Control

Implement comprehensive pest inspection and control measures to mitigate the influx of pests.

Proper Waste Disposal

Avoid disposing of grease, oil, food scraps, or other non-biodegradable items down the drain.

Safeguard Against Moisture Intrusions

Identify and rectify any vulnerabilities or damage points to anticipate leaks and structural compromise. Conduct meticulous examinations of walls and foundations for signs of moisture infiltration or structural compromise.

Check Air Conditioning Systems

Implement routine servicing and inspection protocols for air conditioning units.

Insure your Home & Belongings

Secure and keep up with sufficient insurance coverage for both your property and its contents.

Nurturing Your Outdoor Haven

Let's blend the guidelines for summer landscape maintenance with essential yard care responsibilities to ensure your outdoor space flourishes under the sun:

- **Drought-Resistant Plants:** Opt for native and drought-resistant plants to minimise water usage while adding beauty to your landscape.
- **Mulching Magic:** Apply a layer of mulch to retain moisture, suppress weeds, and regulate soil temperature during hot summer days.
- **Efficient Irrigation:** Invest in drip irrigation or soaker hoses to deliver water directly to the roots, reducing evaporation and ensuring efficient watering.
- **Shade Solutions:** Create shaded areas with trees, pergolas, or umbrellas to provide relief from the intense summer sun.
- **Xeriscaping Principles:** Embrace xeriscaping by reducing turf areas, incorporating native plants, and utilizing hardscaping features for a low-maintenance landscape.
- **Timely Maintenance:** Schedule yard maintenance tasks such as watering, mowing, and pruning during cooler parts of the day to prevent stress on plants and yourself.
- **Pest and Disease Management:** Monitor your landscape regularly for signs of pests and diseases and address them promptly to prevent damage to your plants.

Winner Showcase

"Environment day for me is like a big birthday party for our Earth! We should all come together to celebrate and show love and care for our Earth. To give it a gift, something special back to our planet. Our Earth gives us many things like fresh water, air, trees and so many more things. It's our home and we need to take care of it just like we take care of our toys. Environment day for me is to encourage everyone to take care of our earth, we can all take small steps to make earth a better place. We can re use and recycle, use water carefully, plant trees, turn off lights when we are not using them. Small steps together can make a big difference"
