Rule Refresher

Culture of Consideration

To build a peaceful and respectful community, it's important to be aware of how our noise levels affect those around us. Here's how you can help

Lead by Example

Set a positive example by keeping noise down, especially during quiet hours.

Celebrate with Respect

During celebrations, remember to keep noise levels in check, particularly outdoors or near neighbours.

Be Mindful of Shared Spaces

Avoid loud music or conversations in hallways, lobbies, and other communal areas.

Respect Quiet Times

Keep activities quiet during late nights and early mornings to ensure everyone can rest peacefully.

Consider Soundproofing

For those who enjoy music, movies, or gaming at higher volumes, consider using headphones to limit noise disturbance.

Use Outdoor Areas Considerately

If you're socialising in common areas or gardens/balconies, be mindful of noise levels.

Communicate with Security

If you encounter excessive noise in common areas or from your neighbouring homes, inform security for a prompt and discreet resolution.

By practicing these habits, we can cultivate a community where everyone feels comfortable and respected.

An outdoor lounge area featuring several white sun loungers with blue cushions. A large white patio umbrella stands in the center. The area is paved with light-colored tiles and surrounded by greenery, including bushes and trees. In the background, a modern building with large glass windows is visible. A sign is posted on the right side of the area.

Sun Lounges Reimagined

Get ready to soak up the sun in style with our brand-new sun lounges! These stylish additions enhance the pool area's visual appeal and create an inviting atmosphere for relaxation. Perfect for unwinding or socialising, our upgraded space encourages community connections and gatherings. Dive into summer fun in our beautifully transformed outdoor oasis!

A photograph of a modern gym interior. The gym is well-lit with large windows on the right side. In the foreground, there is a piece of exercise equipment with a black seat and silver frame. In the background, a person is visible working out on a machine. The gym floor is covered with dark rubber mats. The overall atmosphere is clean and professional.

Transform Your Fitness Experience

We're thrilled to unveil our latest upgrade: brand-new rubber mats designed to take your workouts to the next level! Offering superior grip, these mats provide enhanced safety and comfort, so you can focus on achieving your fitness goals with confidence. Visit our upgraded gym and enjoy a fresh, invigorating space that inspires your fitness journey!

Location: 17 Icon Bay Gym Amenity

Gym Etiquette

Here are a few reminders to ensure a pleasant environment for all:

Wear Appropriate Gym Attire

Ensure your workout gear is suitable for a shared space.

Always Carry a Towel

Wipe down equipment after use to maintain hygiene and prevent the spread of germs.

Return Equipment After Use

Place weights, kettlebells, and other tools back in their designated areas to ensure everyone's safety.

Respect Personal Space

Avoid leaving personal items like bottles or towels on equipment you're not actively using.

Keep Noise Levels Low

Please refrain from phone conversations or playing loud music that may disturb others.

Age Restrictions

No children are allowed in the gym. Residents below 16 must be accompanied by an adult to ensure safety.

Water Only

Food and beverages other than water are not allowed in the gym.

By practicing these habits, we can cultivate a community where everyone feels comfortable and respected.

Tips for Better AC Efficiency

Keep your AC units in optimal & efficient condition to stay cool and comfortable. Regular maintenance is crucial. Here are some key tips

Clean or Replace Air Filters

Dirty filters restrict airflow, reduce performance, and consume more electricity.

Check for Leaks

Contact a professional if you notice any issues.

Schedule Regular Maintenance

Have a technician inspect and service your AC regularly.

Maintain Inlet Air Filters

Clean filters every three months to prevent blockages and damage.

Prevent Clogged Drain Lines

Ensure drain lines are clean to avoid water damage and humidity issues.

Set Your Thermostat Wisely

Optimal set point: 23–25°C. When away: set to 28°C to save energy.

Regular maintenance boosts efficiency and extends your AC unit's lifespan. Stay cool!
